**Buster.** IPC/Fleetway [UK]. b&w. Satire. Magazine.  
00 (1960-1999). The British comic *Buster* was continuously published from 1960 from 1999.  
From Nov. 6, 1976 to Feb. 6, 1982 it was called *Buster and Monster Fun*. In 1982 it was  
shortly called *Buster and Jackpot*. From Sept. 1987 to Jan. 23, 1988 it was shortly called  
*Buster and Nipper*. Vampire series in *Buster* included Deadly Hedley Vampire Detective,  
Dracula Dobbs and The Vampire Brats. The Beastenders had Addams-Family-like  
characters, and Dracula made occasional guest appearances. Other series included vampires  
only occasionally. It was all color beginning in April 14, 1990.

Detective." (3 stories, 1 p. each) "Draculass-Daughter of Dracula." (3 stories, 1p. each).  
"Escape from Dracula." (game) 1p.  
Note: The Buster Holiday Special was issued annually and included reprints of material from  
the long-standing series, *Buster*, known in the later 1970s as *Buster and Monster Fun*. The  
various issues reprinted different strips from *Buster* such as the vampire-oriented strips:  
"Draculass—Daughter of Dracula," "Dracula Dobbs," "Deadly Headley, Vampire Detective,"  
"Fright School," "The Little Monsters," "Terror TV," and "Monster Mirth." The 1988 issue, for  
example, carried a "Dracula Dobbs" strip, the story line having disappeared from *Buster*  
almost a decade earlier.

From issue #1 in 1974, it included "Count Morbida's Monthly Puzzle Page" a two-page feature created by a series of unnamed authors. In the 1980s most of the appearances were created by Suzanne Long. In each issue, the vampire, Count Morbida, presented different puzzles for the reader to solve. The magazine was discontinued in 1992, though the Count Morbida column was stopped earlier (prior to 1990). In July 1977, two issues of *Dynamite* appeared, one continued the older numbering as issue no. 38 and the other began a new series as Vol. 1, no. 1. For a period the two series appeared, though they eventually reemerged into one.

- 00 (June 14, 1975-Oct. 30, 1976). Note: *Monster Fun* was a weekly comic that carried a variety of monster/horror oriented comic strips, several of which had a vampire theme. In October 1976 it was merged with *Buster and Cor!!* to become *Buster and Monster Fun* which ran for another six years. Among the vampire related strips were: "Draculass—Daughter of Dracula," "Dracula Dobbs," "Deadly Headly, Vampire Detective," "Fright School," "The Little Monsters," "Terror TV," and "Monster Mirth." Draculass, drawn by Terry Brave, made her initial appearance in the first issue of *Monster Fun* and ran through the entire series. Her appearances were highlighted by a poster in *Monster Fun* # 22 and a Draculass make-your-own mask on the back cover of issue # 34.

Note: Team Titans is a spin off of the New Titans. One of their members, Dagon, who is also known as NightRider, is a vampire. Team Titans were introduced in *The New Titans Annual* of 1991. In Sep. 1992, DC issued a set of five *Team Titans* comics numbered #1. Each introduced one of the five members of the team, and one of which tells the story of NightRider.

Note: Among the most important of the vampire comic books, *The Tomb of Dracula* ran for 70 issues (1972-79), has been reproduced in a variety of foreign languages, and was repackaged under different titles in the United States. As the series ran, parallel Dracula stories also appeared in *Giant-Size Dracula*, *Vampire Tales*, and the *Dracula Lives* black-

and-white magazine. In 1979, the long-running series was superseded by an adult-oriented black-and-white magazine that ran for six issues. Quite apart from Dracula himself, *The Tomb of Dracula* introduced several additional characters (Blade the Vampire Slayer, Frank Drake, and Hannibal King) who went on to appear elsewhere in Marvel comics. An additional character, Lilith the Daughter of Dracula, first appeared in a parallel story in *Vampire Tales* in 1974. In 1992, Marvel launched a series of new titles under the collective title "Midnight Sons." One title, *Nightstalkers*, continued the story line first developed in *The Tomb of Dracula* and featured its characters Blade, Frank Drake, and Hannibal King.

Beginning in 1974, the stories from *The Tomb of Dracula* were republished in the United Kingdom (though printed in Ireland) under the title *Dracula Lives*. This initial black-and-white series appeared weekly for 59 issues and then continued as *Dracula Lives and the Legion of Monsters* through issue 87. The British series also included material featuring other popular Marvel characters, and the title varied accordingly. In the mid 1970s, the Dracula stories were continued in the *Planet of the Apes and Dracula Lives* and *The Mighty World of Marvel*. In the 1980s, additional reprinted stories ran in most of the 28 issues of *Chiller Pocket/Digest Books* (Mar. 1980-July 1982). An undetermined number of issues of *The Tomb of Dracula* were printed in Australia under the title *Dracula* beginning in 1975 by Newton Comics. A second series began in 1977 as *The Tomb of Dracula* from the Yaffa Publishing Group.

In the mid 1970s, a French black-and-white edition of *The Tomb of Dracula* was launched under the title *Dracula*. A color reprint began early in the 1980s as *Dracula le vampire*. Simultaneously, a German edition began to appear at *Die Gruft von Graf Dracula* (January 1974-September 1976). The black-and-white Italian series began to appear in 1974 in *Corriere della Paura* which was superseded in 1976 by a new series, called simply *Dracula*. Eventually all *The Tomb of Dracula* stories would be reprinted in Italian but scattered among different horror anthology titles. Color reprints were published in the 1990s as *La Tomba de Dracula*. Beginning in 1988, a Spanish edition of *The Tomb of Dracula*, published by Editorial Planeta-De Agostini in Barcelona, appeared as *Drácula*.

*Notes:* This oversized (8 1/2 x 11) title superseded the original *The Tomb of Dracula* which had been issued by Marvel from 1972 to 1979. The six issues of this second *The Tomb of Dracula* was published without Comics Code approval. It reprinted stories from the earlier *Tomb* and added various feature items.

**The Tomb of Dracula.** 3<sup>rd</sup> Series. Epic Comics.

Note: *Vampirella*, went through 112 issues, thus enjoying the longest run of any English-language vampire-oriented comic during the twentieth century. Though the character disappeared in the 1980s, once revived by Harris in 1988, *Vampirella* enjoyed a new life in the 1990s as her success came to rival that of *Dracula*, at least in the comic book world. *Vampirella's* success in North America was reflected worldwide. In the 1970s, English-language color reprints appeared in England in a four issue series by IPC (1974-1975). Late in the decade, over 50 undated black-and-white issues were reprinted in Australia by Murray. Foreign-language reprints of the Warren issues appeared in Italian, German, French, Spanish, and Portuguese. During the 1990s, Harris reprints have appeared not only in those languages, but in Swedish and even Japanese.
